& More...

MEMBERSHIP MANAGEMENT & GYM CHAT BOT

We help you provide your members the best experience by collecting some information about your member like: What is his end goal, weight, height, age, level of training etc...

Gym Chat Bot help the member to know what workout he need's to do on that day and we help them by providing them the link to know the different workouts & what is the best diet he need to follow on that day

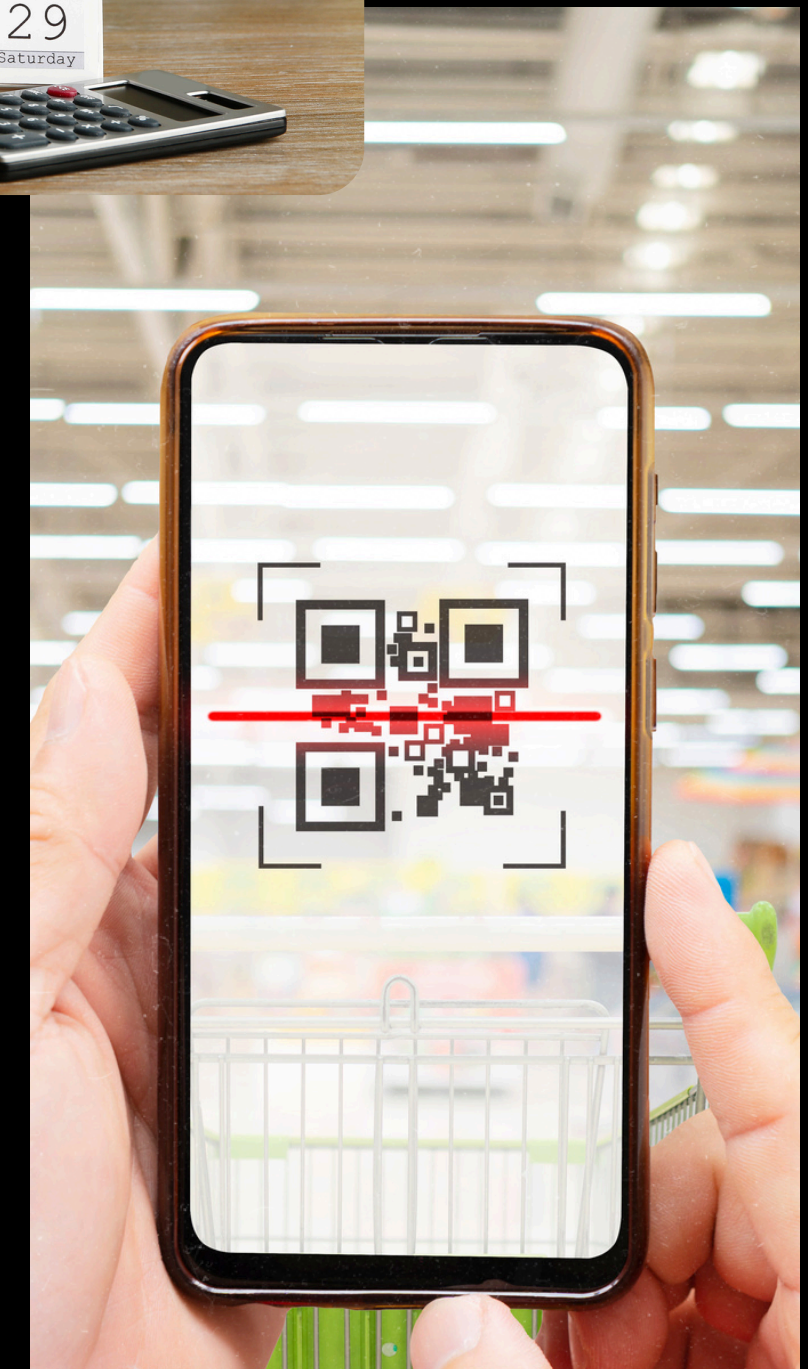

MEMBERSHIP EXPIRE NOTIFICATIONS

You can know which member memberships has expired & the members can renewal their membership directly through the Gym Bot

ATTENDANCE TRACKING

Members can directly scan the QR to enter the gym and get their workout plans & diet plans for that day

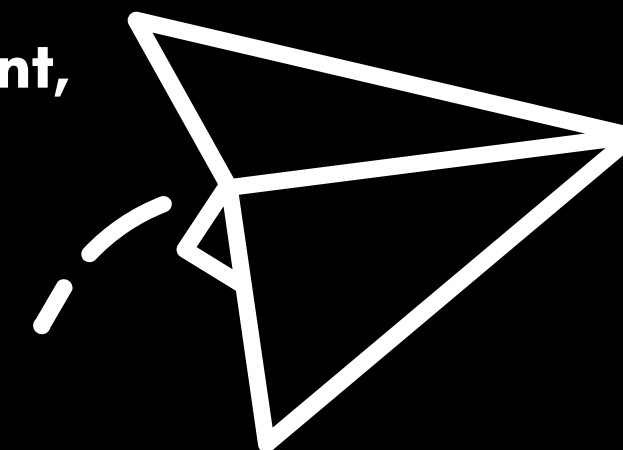

Send promotional messages

The WhatsApp Business API allows businesses to promote new membership services,, or special offers to clients and potential customers through automated messaging. By creating targeted campaigns, companies can reach specific audiences effectively, while integration with CRM systems enables personalized outreach. This approach leads to increased client engagement, improved brand visibility, and enhanced lead generation.

Targeted and personalized messaging keeps clients informed about new services or offers, fostering stronger relationships and encouraging repeat business.

Automated campaigns increase brand visibility, attracting potential customers and driving new business opportunities.
